

TRITON COLLEGE BOARD BRIEFS

May 16, 2023

Congratulations Scholars Program Graduates!

Dr. Michael Flaherty, Faculty and Scholars Program Director, presented five outstanding scholars (names appear below the photo) who are graduating this year with high honors; all have a GPA in the range of 3.9 – 4.0. The Scholars Program is for the most academically promising students who plan to complete their associate degree in two years and transfer to a 4-year university. As well as completing the academically rigorous program, these students served the community through volunteer work at locations including the Oak Park Animal Care League, Economy Shop, Quinn Center, and tutoring at the College.
