III. Applicability of Conduct Expectations

The Student Code of Conduct applies to a student's conduct on College property, at College-related activities wherever located and at any place where the conduct impacts College property, activities, staff or students. Student conduct may be subject to both College disciplinary action and civil judicial action and/or criminal law enforcement action. Students may also be subject to College disciplinary action for the conduct of those persons accompanying the student on College property or at College-related activities wherever located. Such persons are responsible for compliance with the same conduct expectations applicable to students.

A student involved in the Student Code of Conduct process who is registered with the Center for Access and Accommodative Services (CAAS) may request accommodations to ensure their full and equal participation in any conduct proceeding. Accommodation requests are to be made directly to the Dean of Students Office. Accommodations are determined on an individual basis in consultation with the Center for Access and Accommodative Services.

IV. Conduct Expectations

- A. Be academically honest -- do not cheat or plagiarize.
- B. Be truthful to College staff -- do not provide false or misleading information or withhold information.

- A. Warning. Formal action censuring a student for violation of College rules or regulations. Such warnings are communicated in writing by the Dean of Students. probation may be for a specific term or for an indefinite period which may extend to graduation or other termination of the student's enrollment at the College.

- C. Withholding privileges/activity restrictions. Formal action which denies to the student the opportunity to conduct any official transactions with the College such as registration and the issuance of grade reports and academic transcripts. This may also include restricting participation in a College program or activity. The restriction will remain in effect until the Dean of Students or his/her designee is satisfied that the obligations to the College have been met.
- E. Suspension. Formal action dismissing a student temporarily from the College for violation of College rules or regulations. Suspension may be for a specified or indefinite period but the implication of the action is that the student may eventually return if evidence or other assurance is presented that the misconduct will not be repeated.

Any one, or combination, of these consequences may be applied as appropriate to the severity of the failure to comply with the conduct expectations.

VI. Procedures for Determining Whether a Violation of the Conduct Expectation has Occurred and Imposing of Consequences for a Violation

- A. The disciplinary process may be initiated by the College Dean of Students or designee whenever reasonably creditable information is received by the Dean that a student has failed to comply with the conduct expectations. Upon receipt of such information, the Dean or designee will investigate to determine whether a violation of the conduct expectations has occurred and, if so, the consequences. The scope of the investigation will be determined by the Dean or designee based on the creditability and complexity of the alleged misconduct. Before a final decision on misconduct and consequences, the Dean or designee shall provide the student with

an opportunity to respond to the alleged violations and the range of consequences which might be imposed.

- B. If the Dean determines that the student has failed to comply with the conduct expectations and the consequences are a warning, censure, reprimand, restriction of privileges or a suspension no longer than five school or activity days, the Dean may implement such consequences by giving written notice to the student. The decision of the Dean is final, except that a suspension may be appealed to the Vice President of Enrollment Management and Student Affairs in the same manner as appeals from the Student Conduct Committee under F. below.
- C. If the Dean determines that the student has failed to comply with the conduct expectations and the consequences are a restriction of privileges and/or suspension of more than five school or activity days and/or dismissal, the Dean shall recommend such consequences to the Student Conduct Committee.
- D. Upon receipt of a recommendation from the Dean, the Student Conduct Committee shall conduct a hearing at which the Dean will, and the student may, participate.
- E. The Student Conduct Committee shall be appointed annually by the Vice President of Enrollment Management and Student Affairs. - F. Decisions of the Student Conduct Committee may be appealed to the Vice President by the Dean of Students or by the student found to have violated the Student Code of Conduct. Appeals must be submitted in writing or electronically to the Vice President within five calendar days of receipt of the Student Conduct Committee's Decision, and a copy provided to the non-appealing party. Ordinarily, the Vice President shall determine the appeal on the basis of the written submittals. However, in unusual circumstances, the Vice President may conduct a hearing which includes the Dean of Students, the student and the Chair or Vice Chair of the Student Conduct Committee to assist the Vice President in disposition of the appeal. ADOPTED: 04/23/1991

AMENDED: 06/20/1995

AMENDED: 06/18/2024

Residency is defined as the place where a student lives to be their true permanent home. A student who temporarily moves into the district for the purpose of attending the College at a reduced tuition rate will not be considered as having established residency within the district.

The student must meet the following criteria to be considered a resident of the district:

One must have occupied and/or owned a dwelling in the district for 30 days immediately prior to the start of classes and must demonstrate district residency by providing at least two of the following documents: Illinois driver's license, automobile registration, property tax statement, voter registration card, lease or purchase agreement, utility or telephone bill, library card, or other appropriate documentation.

A student who is currently under legal guardianship of the Illinois Department of Children and Family Services or has been recently emancipated from the Department is exempt from the 30-day criteria if they demonstrate proof of current in-district residency. Documentation of current residency may be submitted by the student, a caseworker, or other personnel of the Department, or the student's attorney or guardian.

A student who is homeless may present a signed letter on letterhead from an in-district homeless shelter confirming residency in the shelter.

A student who is presently an inmate of a State correctional/rehabilitation institution located within Illinois is considered an out-of-district/in-state resident without meeting the 30-day residency policy.

For compliance regarding professional licensure and certification disclosure, Triton College uses the permanent mailing address provided by the student as the student's location and uses this information to disclose federally required state-specific licensure details at the time of enrollment as signified by admittance to the professional program. If the student location is updated by the student, disclosure of state requirements of licensure will be completed as needed.

A change from out-of-district to in-district status during a semester becomes effective no earlier than the following semester. Students who move in or out of the district during a semester are required to report their new residency to the Office of Admission.

No student shall become a resident on the basis of their attendance at Triton College.

CLASSROOM BEHAVIOR

POLICY 5207

Access to higher education is a privilege. It is earned by one's prior academic achievement, one's demonstrated abilities and interests, and one's ability to benefit from instruction. Once gained by admittance to the College, the privilege needs to be guarded and maintained. Actions and behavior that violate the College's published administrative and academic policies and procedures, and academic records that do not meet the College's Standards of Academic Progress, may lead to student suspension from class or from the College. Students are especially reminded that appropriate classroom behavior is prescribed by the instructor. If an instructor determines that certain behaviors are disruptive or affect the instructional purposes of the classroom, the instructor may impose certain sanctions. These include suspension from the class for the day affected or a three-consecutive-school-day suspension. The latter sanction must be accompanied by a written statement of the incident which must be sent to the Dean of Student Services. AMENDED: 08/23/05

Triton College closely adheres to principles of academic honesty and integrity. The academic honesty policy is designed to inform students and faculty of the expectations and procedures associated with the honest pursuit of a Triton College education. Overall, academic achievement is a product of personal commitment, and investigation of knowledge, and a pursuit of independent and honest work, both in and out of the classroom. All forms of cheating deprive the student of achieving true academic success and are therefore, considered a serious violation. Furthermore, all incidents of cheating will result in a disciplinary response from college officials.

Below is a non-inclusive list of behaviors that are considered to be violations of academic honesty.

Examples of Academic Dishonesty

- copying someone else's work or answers
- allowing another student to copy your work or answers for internal or external class assignments
- using materials or information hidden on one's person during quizzes and examinations
- obtaining and using tests and answers in an unauthorized fashion
- providing course materials such as papers, lab data, reports, or answers to be used by another student
- fabricating information for the purpose of completing an assignment, quiz, exam or presentation

- copying a computer program for unauthorized use

- altering a grade sheet or forging a signature on an academic document
- enrolling in a telecourse while serving as an employee in the Media Center or within six months of termination

Another example of academic dishonesty, known as plagiarism, is less simple to define, but is nonetheless considered a serious violation. When using direct quotes or ideas created by someone other than yourself, it is imperative that the source of information be clearly identified. It is appropriate and acceptable to borrow ideas, thoughts and data from other sources as long as the original authors receive credit for their contributions through referencing.

Examples of Plagiarism

- borrowing or paraphrasing (other than common knowledge) for a paper without referencing the source
- intentionally or knowingly representing the words or ideas of another as your own
- purchasing a term paper or having someone write a paper to submit as your own work

All members of the Triton College community including faculty, staff and fellow students share responsibility for maintaining an academically honest learning environment. Therefore, all members of the Triton College community are eligible to report apparent acts of academic dishonesty to the Dean.

Below is a non-inclusive summary of consequences that may result from student violation of the academic honesty policy.
